Gustavus - Replace Good River Road Culverts

State Funding Requested: \$80,000**House District: 5 / C**

One-Time Need

Brief Project Description:

The Good River Road culverts are undersized with no headwalls. Lack of headwalls causes sloughing and narrowing of the road. Culverts need to be replaced and upgraded for safety and improved vehicle access.

Funding Plan:**Total Cost of Project: \$80,000***There is no other funding needed***Detailed Project Description and Justification:****Purpose and Need:**

Good River Road is a principal roadway maintained by the City of Gustavus. It has many side streets that have no other access. Two tenths of a mile from its beginning at Mountain View Drive, a pair of three foot culverts cross Good River. These are about half full of sediment and have no headwalls. The road is sloughing off into the river due to no headwalls. The roadway is getting narrower as time goes by and is creating a public safety concern.

Request:

The City of Gustavus is asking the Alaska State Legislature for assistance in providing funds necessary to replace undersized culverts, install headwalls, and all other necessary work to complete this project.

Location:

The crossing is located two tenths of a mile from the intersection of Good River Road and Mountain View Dr.

Business Plan:

The City of Gustavus will solicit bids from an engineering firm to design a drainage, culvert, and road plan and prepare a scope of work statement. Based on this package, the City of Gustavus will prepare a request for quotes and solicit bids from responsible contractors to do all necessary earth work and install two six foot culverts with headwalls. The City of Gustavus will be the owner of the culverts when completed and will be responsible for all maintenance and upkeep.

Budget:

Total Project Snapshot Report

FY 2011 Capital Budget

TPS Report 52299v1

Two culverts side by side, 6' diameter, 30' long

Category	Description	Cost
Culverts with headwalls	66' x \$600/ft	\$40,000
Approaches	Both sides of culverts	\$25,000
Survey, permitting/environmental, ROW, design, advertising, award, construction administration, inspection		\$15,000
Total		\$80,000

Project Timeline:

Upon notification of funding, RFQ will be issued and awarded.

In July 2010 state permitting process will begin.

Construction begins when permit(s) are in place.

Project to be completed by June 30, 2011

Entity Responsible for the Ongoing Operation and Maintenance of this Project:

City of Gustavus

Has this project been through a public review process at the local level and is it a community priority? ☒ Yes ☐ No

**CITY OF GUSTAVUS, ALASKA
RESOLUTION 2010-05**

**A RESOLUTION OF THE CITY OF GUSTAVUS IN SUPPORT OF A PROPOSAL
TO IMPROVE CULVERTS IN GOOD RIVER ROAD IN GUSTAVUS**

WHEREAS, Good River Road is a primary thoroughfare within the City of Gustavus, providing fundamental transportation needs for residents and businesses; and

WHEREAS, Good River Road was constructed to perform the year-round functions which it is currently fulfilling; and

WHEREAS, Good River Road culverts currently exist in a deteriorated state, and the road is marginally passable due to deterioration of the culverts and shoulders of the road; and

WHEREAS, the condition of Good River Road may preclude the delivery of emergency services by the City of Gustavus; and

WHEREAS, the condition of Good River Road can preclude the ability of Gustavus residents to transport their children to school in a consistent manner;

AND NOW THEREFORE BE IT RESOLVED, the City of Gustavus supports submission of a FY 2010 CIP Nomination Form to the Alaska State Legislature.

PASSED and APPROVED by the Gustavus City Council this 14th day of January, 2010.
